CIRCULAR

- Sub:** Taking readings of all interface points with ESCOMs and Generators supplying power to grid.
- Ref:** 1) T.O. Circular dated: 07.05.2005, 21.05.2012.
2) Letter of even No. dated 05.09.2012 addressed to the Chief Engineers, Transmission Zones.

It is regretted to note that in spite of circulars issued regarding taking readings of all interface points with ESCOMs and Generators supplying power to grid, the circular instructions are not being followed. Hence, it is once again directed to strictly follow the instructions detailed in the circulars under reference without giving room for further complaints and ensure that readings of all interface points with ESCOMs and at Pooling Station in respect of Generators supplying power to the Grid including those projects having Wheeling & Banking agreements and NCE projects shall be continued to be taken by the concerned staff of KPTCL jointly with the staff of ESCOMs and the representatives of IPP's and the same shall be record in the regular reading books, as per the normal practice, every month without fail.

All Executive Engineers, TL&SS Divisions are hereby instructed to take up this matter seriously failing which the matter will be viewed seriously. Further, it is instructed to inspect the interface points periodically and the field inspection report along with the remedial measures taken has to be submitted to the concerned Transmission Zonal Chief Engineers.

These instructions shall be strictly adhered to.

B. S. S. S. 11.03.13
