CIRCULAR

Sub:- Procedure to be followed in approval of the proposals of shifting / heightening / modification of KPTCL transmission lines on DCW basis or Self-execution basis. – Reg.

Ref:- This office Circular of even No.Dated.19.05.2006.

KPTCL Vide Circular cited under reference had strictly instructed that all proposals of line shifting / heightening / any modification to the KPTCL transmission lines on DCW basis or self-execution basis be forwarded to Corporate office for approval. Presently all such proposals being received from the applicant are examined at the concerned Transmission Zonal offices of KPTCL by conducting detailed survey and duly collecting necessary charges. After approval of the survey report at their end, estimates for the same are prepared and submitted to Corporate office seeking approval. This procedure has been reviewed and it is decided to modify the same. As such, henceforth following procedure shall be followed in approval of proposals of shifting / heightening / modification of transmission lines on DCW basis or Self-execution basis.

1. The Superintending Engineer, Transmission Zone, KPTCL shall arrange to conduct survey for each of the line shifting proposals duly collecting necessary charges.
2. The Superintending Engineer, Transmission Zone, KPTCL shall submit the survey report and the estimate to CEE(P&C), KPTCL for verification and after getting concurrence from CEE(P&C) the same shall be forwarded to CEE, Transmission Zone.
3. Only after getting concurrence from CEE(P&C) KPTCL, CEE, Transmission Zone, shall forward the estimate, survey report, sketch/topographical drawing showing the premises of the applicant, the existing line passing over the applicant premises, the line route after shifting of line and a detailed report in this regard to DGM(Technical), KPTCL seeking approval. Other details such as power supply interruptions, alternate arrangements to be made in avoiding power supply interruptions, ownership of the property, time frame required for completion of work and consent letter from the applicant to complete the work within the time frame and no objection certificate from the owner of the neighbouring premises if the deviated line is passing through their premises shall also be submitted.
4. DGM(Technical), KPTCL shall verify all of the above details before obtaining the Corporate approval.

The above procedure shall be strictly followed in future.

B. Shetty 12.11.13

Deputy General Manager (Technical),
KPTCL
