Attention is invited to 'Vendor approval terms and conditions' issued vide circular cited under reference-(1), wherein it is stipulated that Vendors shall furnish, to the concerned KPTCL Authorities, all the relevant valid type test reports of not older than 5 years, issued by the designated Laboratories indicated against each of the equipment/Material in column (4) of Annexure-I of Terms and conditions for vendor approval, for the same type, rating and voltage class of Equipment/Materials, proposed to be supplied to KPTCL projects, during drawing approvals, inspection of equipment/materials etc. As per the said circular cited under reference-(1), for some of the equipment/Material, the type test reports issued by ERDA Laboratory are not being accepted.

It is observed that non furnishing of type test reports issued by the designated Laboratories stipulated against each of the equipment/Material in column (4) of Annexure-I of Terms and conditions for vendor approval cited under reference(1), by the vendors, during inspection/supply of equipment/Material has resulted in delay in completion of projects.

After detailed review a team of KPTCL officers visited ERDA to ascertain the testing facilities at Vadodhara and felt that the testing facilities are adequate and are of acceptable Standards and opined that Type Test Certificates issued by ERDA (for the facilities available) can be accepted.
