CIRCULAR

Sub:- Introducing percentage tendering methodology pertaining to transformer augmentation works & additional transformer works of Transmission Zones.

Ref: CEE T&P Note NO: CEE T&P/PS/T-14773 Dt:30.03.2017 approved by Managing Director, KPTCL.

The Process of calling item-wise tender was leading to distortion in the bid prices, abnormal high rates quoted for certain materials and low rates for certain materials/activity. This has led to dumping of materials by the Turnkey Agencies for which money is being paid & has affected the progress of projects in achieving the targets. Hence, it was decided to change the methodology of tendering and to move towards percentage tender.

During the discussions in the meeting held on 24.03.2017 chaired by Managing Director , KPTCL, it was decided to float tenders on percentage basis pertaining to augmentation works of transformers & additional Transformer works by Transmission Zonal CEE's where the material requirement will be less but the quoted rates were in the range of 20 to 30% above the updated SR cost and directions were issued to CEE(T&P) to prepare tender documents for the same and share with all Transmission Zonal CEE's.

The difference between item wise & % basis tender is as depicted in the table.

Item Wise Tender	% basis Tender
In <u>Item Wise Tender</u> , list of individual items would be indicated along with total estimated cost & for each items the bidders are required to quote their prices	In <u>% basis Tender</u> , list of individual items would be indicated along with total cost as per updated Schedule of Rates. The bidders are required to quote a lump sum price against the total cost indicated in the tender. The difference in % between the amount put to tender & total quoted price of the bidder will be applied uniformly amongst all the items to match the quoted price.

In view of the above, the Chief Engineers Electy of Transmission zones **shall arrange to float percentage tenders w.e.f 01.04.2017** for transformer augmentation works & additional transformer works. Further, arrangements to upload the tender document in KPTCL website shall be made by Chief Engineers Electy (T&P). Any clarifications required regarding percentage tendering may be obtained from Chief Engineers Electy (T&P) KPTCL.

Deputy General Manager (Technical)
KPTCL

Copy to

The Chief Engineer, Electricity, Transmission Zone, KPTCL Bengaluru/Tumkur/Hassan/Mysuru/Bagalkot/ Gulbarga.
